

*Tooling solutions for the power utility industry.*

## CABLE SPLICER'S KIT - 46037

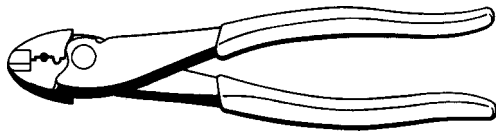

Complete, compact splicing kit contains cable-splicer's knife **No. 44200**, electrician's scissors with stripping notches **No. 2100-7**, and slotted leather holder **No. 5187** for belts up to 2" wide.

## LEATHER HOLDER - 5187

(Holder Only)

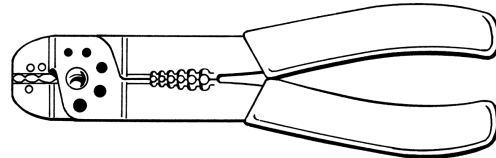

## LEATHER HOLDER - 5187T

Same as above, except with tunnel loop for belts up to 2" wide. Not available in No. 46037 Cable-Splicer's Kit.

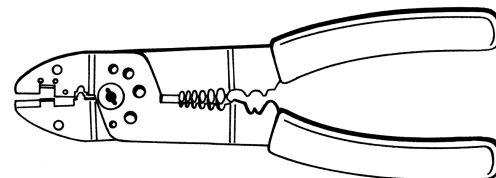

## VERSATILE CRIMPING TOOL - 1005

Thin nose permits work in confined space. Crimping die marked for insulated and non-insulated solderless terminals and connectors. Accommodates wire from No. 10 to 22 AWG. Wire cutter in nose. Red plastic-dipped handles. 9-3/4" O.A.L.

## 6-IN-ONE TOOL - 1000

Shears bolts clean, cuts and strips wire, measures stud sizes, gauges wire sizes, crimps insulated terminals. Sizes: 10 to 22 AWG. Red plastic-covered handles. 7 1/2" O.A.L.

## ELECTRICIAN'S TOOL - 1001

Two wire cutters - one at tip, the other near stripping holes. Crimps insulated and non-insulated terminals. Strips No. 8 to 18 AWG solid wire or 10 to 22 AWG strand. Cuts bolts. Pivot nut adjusts tension. Left- and right-hand wire-looping holes near tip. Full-sized red plastic-covered handles. Easy-to-read markings. Crimping dies are color-coded for easy identification. 8 3/4" O.A.L.

## SHARPENING TOOL - 44150

Multi-Purpose Sharpening Steel. Tungsten-carbide bonded to the varied surfaces hardens this steel enough to dress any knife. Chisel point makes tool useful for rough cutting prying and splitting jobs that would harm a knife. Leather-sheath handle folds out of the way during use. 5" x 7/8" x 1/4" O.A.L.
