

Tooling solutions for the power utility industry.

RELIABLE RENTAL SERVICE

Don't let your current tool inventory dictate your capabilities and scheduling.

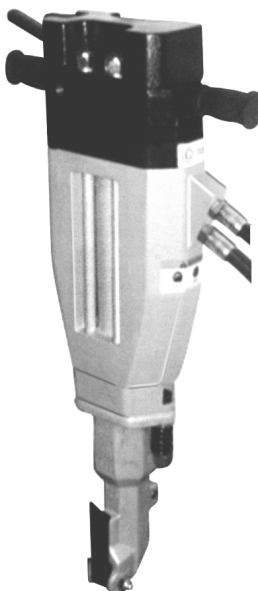

Often, a single job does not merit the purchase of a specialized piece of equipment, or the need may arise for equipment to be in two locations at the same time.

Let Reliable help with their line of quality rental tools that will allow you to tackle specialized or multiple jobs without the headache of justifying the purchase of a new or additional tool that may not be used for long periods of time. Simply contact your Reliable representative and reserve the appropriate tool to fit your needs.

We are currently stocking the following items for weekly and monthly rental.

Hydraulic Tools, Intensifiers, Valves, Presses, Gasoline and Electric Pumps, Cutters and Crimpers, Impact Wrenches, Tampers, Chainsaws, Breakers, Water Pumps, and Hand Tools

If the tool you need is not specified, contact your Reliable representative and we will make every effort to fulfill your tooling needs.

TO ORDER CALL: 800-966-3530 OR FAX: 215-357-9193
