

LOW PRESSURE INTENSIFIER

The Reliable Equipment "SON OF A GUN" is the only compact, full cycle intensifier/valve component of it's kind. This revolutionary tool allows the use of all 10,000 psi, double acting, direct connect compression heads and cutters directly from any 2,000 psi power source.

FEATURES INCLUDE:

- Works on open or closed systems
- Full cycle feature assures a compact crimp
- Automatic pop off at completion of crimp
- Feather with hold feature allows operator complete control
- Eliminates high pressure hoses and couplings
- Allows direct connection to 2,000 psi on truck
- More affordable than standard low pressure tools that require separate tools for each application, with the "Son of a Gun" its just a matter of changing heads
- The confidence of double acting which allows the operator more control, thus more safety, unlike standard spring return tools
- Fits all standard Reliable direct connect tools.

SPECIFICATIONS

Operating Pressure	1,000-2,500 psi
Operating Flow	3-8 gpm
Max. Output:	
Fast Advance Mode	306 cu. in./min.
High Pressure Mode	30 cu. in./min.
High Pressure Relief Valve Setting	10,000 psi
Return Line Relief Valve Setting	6,000 psi
Port Sizes (O-Ring)	9/16-18 SAE
Weight	5.85 lbs.

This versatile tool is compatible with the following items found in this catalog.

- PDC 2000 - Cutting Head**
- PDC 3000 - Cutting Head**
- PDY 1216 - Crimping Head**
- PDY 510 - Crimping Head**
- PDY 1524 - Crimping Head**
- PDY 2102 - Crimping Head**
